

CIRRUS STANDARDIZED TRANSITION TRAINING COURSE

Prerequisites:

Private pilot license

Cirrus SR-20 or SR-22 Transition Training includes:

- 12 hours dual flight instruction
- 12 hours ground instruction
- Cirrus transition training kit (Books & Training CD)

Course Cost:

\$2080.00 in your aircraft

\$3885.00 in our SR-20 aircraft

\$4485.00 in our SR-22 aircraft

Course Syllabus:

The Cirrus transition training is broken down into 8 lessons. A typical course is three full days. This includes approximately 50% ground instruction and 50% flight time.

Course Introduction

Lesson 1 Ground: Training Manual

Lesson 2 Aircraft/FTD: Cross-country scenario (normal ops & automation)

Lesson 3 Aircraft: Cross-country scenario (landings & maneuvers)

Lesson 4 Ground: Scenario training

Lesson 5 Aircraft/FTD: Cross-country scenario & system malfunctions

Lesson 6 Aircraft: Cross-country scenario & system malfunctions

Lesson 7 Aircraft: Cross-country scenario & system malfunctions

Lesson 8 Aircraft: Final cross-country scenario

Optional (If time permits after transition training)

Lesson 9: Biennial flight review

Lesson 10: Instrument proficiency check
